We look forward to seeing you there!

WARDENS' WARBLINGS

A welcome change ...

How often do you hear people express an aversion to change?

And yet, change is part of our lives from the day we are conceived, developing from a constantly changing mass of cells that gradually arranges itself to become a human being, probably with no awareness of what's about to happen.

Then the fun starts ... we are born and begin to encounter change. As we progress through life we encounter many changes when we go to school, begin further education, challenge parental and authoritarian expectations, follow a career path, leave home, make friends, get married, move house, become pet parents, become human parents, grandparents and great grandparents, suffer the loss of loved ones until we become, hopefully, increasingly old and creaky!

Life is full of challenging changes and the all-important "learning curve" but think about how bizarre life would be and how limited we would be as individuals without change and the positive responses that we make to it!

Negative responses of denial, disagreement or refusal to change might tend to restrict development and growth whereas positive responses of optimism, agreement and acceptance tend to encourage feelings of wellbeing that promote development and growth.

The Windmill United Benefice was faced with a challenging change situation after Revd Nicholas Calver announced his retirement and then in early January 2024 an interregnum began, a time when the Windmill Benefice has no incumbent Rector.

With initial guidance from Revd Nicholas and Judith Calver, for which we remain immensely grateful, and with guidance from Archdeacon Moira Astin, the six Windmill Benefice churchwardens and our Associate Priests Charles and Steve, made lots of plans about how "things" would be managed during the interregnum. And there were so many things to be managed!

I for one, now have some understanding of the enormous challenges that are involved in "being a Rector". It certainly is not a one busy day a week on a Sunday sort of job!

During the interregnum we have continued to maintain regular worship in every Benefice church every week and we are extremely grateful to Peter Nye who is continuing to provide a weekly online service available on the Windmill United Benefice website at windmillchurches.co.uk

CHURCH NEWS

Prayer has been fundamentally important for us during the interregnum, both during regular worship in church and at prayer group meetings in Smallfield Church Hall Chapel when we have met to pray for the needs of the Benefice, the needs of our immediate community and the world beyond.

We have brought our hopes, concerns and thoughts to God in prayer expressing our thanks to Him, asking for guidance and help in keeping our hearts and minds open to the positive potential benefits of the changes facing us.

There is a Chinese proverb; "When the winds of change blow, some people build walls and others build windmills."

The idea of "building windmills" in the midst of the winds of change is a beautiful way to illustrate how the flow of life can be harnessed into something positive and creative by being open instead of building defensive walls that are resistant to change, negative and unproductive. By being open, we gain insight to hidden blessings in every situation and hence use it to our advantage.

So that's what the Windmill United Benefice will continue to do ... it will be an even better Windmill with bigger sails to be open to and harness the winds of change into something wonderful, positive and creative.

And finally, some news ... that on Sunday June 9th 2024, congregations at the three Windmill United Benefice churches of St Bartholomew, Burstow, St Mary the Virgin, Horne, and St John the Baptist, Outwood were delighted to hear about the appointment of the Reverend Alan Bayes, as the new Rector of The Windmill United Benefice.

We feel very excited and very much welcome this change to our situation; we look forward to Alan's arrival and to welcoming Alan and his family to the Windmill United Benefice.

With my best wishes

LABEL YOUR BINS

If you haven't already, please put your house number or name on your recycling bins, rubbish bins and food caddy, so the collectors can quickly return them to the correct home.

RECYCLE RIGHT

Recycling is essential for reducing waste and conserving resources, but it's important to recycle correctly. Placing the wrong items in your recycling bin can contaminate items which can be recycled.

Please do not put the following items in your recycling bin:

Textiles: These go in a tied plastic carrier bag placed next to your bin. The bag should be no larger than 35x40cm and not in a black bin bag.

Food waste: This goes in your green food waste bin.

Nappies, sanitary items: All of these belong in the rubbish bin.

Black plastic bags.

Cling film, bubble wrap, crisp packets: Your local supermarket may accept these, otherwise pop them in your rubbish bin.

Food contaminated items: Delivery pizza boxes or other takeaway packaging with food deposits.

Broken toys: These go in your rubbish bin. If they are not broken, donate them to charity.

By putting the right items in your recycling bin, you make sure recycled materials are processed efficiently and effectively.

OUTWOOD WI

JUNE 2024

Summer is officially here and the thoughts of our ladies have turned to the outdoors.... We have a lovely afternoon planned at the Priest House in West Hoathly, including a guided tour and afternoon tea in the garden. Some of our ladies have also been enjoying coach tours and making friends, as can be seen in this photo of Jackie and Pauline enjoying the company of a Chelsea Pensioner at the Hospital in London.

At our June meeting our invited guest speaker was Cherrill Sands, a garden historian with an MA in the Conservation of Landscapes, Parks and Gardens. A former chair of the educational charity Surrey Gardens Trust, she enjoys discovering the endless variety of gardens around the world and sharing her knowledge with others through her talks and visual presentations. Our members enjoyed a fragrant journey through various English gardens once owned by female authors – some well-known and some less so. Jane Austen (a “desperate walker” according to her brother) adored shrubberies full of yellow and purple flowers; in her novels the favourite heroes love trees and being in the outdoors. Frances Hodgson Burnett – most famous for her novel “The Secret Garden” – believed that “as long as one has a garden, one has a future” and her books show the redemptive power of growing beautiful flowers and plants. Gardens for another author, Agatha Christie, were the perfect settings for murders, secrecy and the growing of poisonous plants! Cherrill finished her virtual tour by investigating how plants (both real and fantasy) play a part in J. K. Rowling’s “Harry Potter” stories, from the different woods that characterise the wizards’ wands, to the violent “womping willow” and gillyweed, which enables you to grow gills and swim underwater. A colourful slide show illustrated all the settings and wildlife described and we ended the afternoon feeling we had been on a refreshing journey. Enjoying the outdoors, especially in a gorgeous garden, is wonderful for maintaining positive mental health and our Outwood ladies will continue to take the opportunities to make time for those walks in the open air.

*Our post box team have been busy again.
This time Outwood residents can enjoy
a summery view of Mirianda the mermaid
and her fishy friends!*

Our next meeting will be on 2nd July at 2.30pm when our guest speaker will be April Lewis, talking to us about "Haunted Britain". Can't wait....

NATURE WATCH

Up to the beginning of the last week of June the weather had been a disappointment with almost non-stop rain, grey, cloud filled skies, low temperatures requiring a tweak of the central heating controls and many of us hanging on to our long-sleeved vests but as soon as we passed the summer solstice, on the 21st, the gulf stream moved to the north, temperatures began to rise and the sun kept shining for more than just a few moments. As the fourteenth century round verse puts it “*Sumer is a icomen in, Lhude sing cuccu*”. At last, summer had really begun and temperatures were forecast to reach the mid 20’s to 30° before the end of the month.

In the plant kingdom, as a result of the wet weather, plants and trees had already put on excellent growth that, like billowing skirts, resulted in a narrowing of most footpaths. It was noticeable that many of the hedges had a sheen of bronze colouring created by the young leaves of field maple, the llamas or second growth of oaks and the startling rusty bronze of the leaves and stems of some sycamores. Wild flowers were all around with the bright, white discs of ox-eye daisies, the pink and white forms of the dog rose, creeping buttercup and everywhere, rose bay willow herb, always said to be the first flower to be seen on a bomb site after the second world war.

On the wild flower front Ashlie Williams, our local National Trust ranger, kindly sent me a number of photographs of wild flowers on the common including orchids, yellow rattle, stitchwort and red clover in the areas around the cross roads near the windmill. The early purple orchids have been seen around the common for a number of years but the sheer numbers this year have made them even more noticeable. In the area on the right of the road to the garage you simply cannot miss them. The presence of yellow rattle is very good news and, although I have not seen it there before, it is further evidence of the importance of the large range of flora on the site and a tribute to the maintenance and cutting regime practised by the trust over many years. Yellow rattle is parasitic on grass roots and over time the more rank grasses die out leaving finer grasses and better conditions for both the yellow rattle as well as other wild flowers.

The photo by Ashlie Williams shows purple orchids, yellow rattle and buttercups.

On warmer days the numbers of insect sightings increased particularly over the last two weeks of June when I spotted meadow brown, gatekeeper and red admiral butterflies plus one or two damsel flies both in the garden and the general countryside.

I have the feeling that since the number of shooting clubs have declined there has been a marked increase in the local population of red foxes and reports say that the same is true for both roe and fallow deer. I have often seen foxes in the late afternoon and just recently as I made a slow approach, I spotted one with a very bushy brush, slowly trot across Millers Lane, through the small carparking area by the old school and then gone.

JULY: DELPHINIUM AND WATER LILY

The July birth flowers are delphinium and water lily. Water lilies were named after a Greek nymph and are said to symbolise purity, unity and finding peace and balance. With associations of positivity, delphiniums are very much happy, cheerful flowers to brighten up someone's day! They're also a classic, British bloom and can be found growing wild in many woodlands across the UK.

Delphiniums got their name from the Ancient Greeks who thought that the shape of the flower bud looked like a dolphin's nose. (Which we can totally see!) There are hundreds of different species of delphiniums these days and many of them can grow to be 6 foot tall. Delphiniums are said to symbolise an open heart, positivity, dignity and grace.

OUTWOOD PARISH COUNCIL

On 20th June, a first aid awareness session was run at Lloyd Hall, funded by OPC. The session 'How to save a life in 4 mins' provided attendees with basic CPR knowledge and how to use a defibrillator (defib). Outwood village has defibs located at The Dog and Duck PH, The Bell PH and Lloyd Hall. These are at the front of each building in a locked cabinet. If needed in an emergency, please dial 999 at the defib location and provide the call handler with the location code on the cabinet; you will then be given the lock code. Emergency services should be dispatched at this point. The defib should be taken to the location of the patient - when switched on the machine will provide instructions in how to use it until the emergency services arrive. There is an additional defibrillator located at Outwood Cricket Club and is accessible when the clubhouse is open.

Fly tipping continues to be an issue and Council is in touch with the NT where appropriate.

The
BELL INN

Later in the year on Saturday
2nd November Firework Night!

Jim's already herding us
together to organise another
great fundraising evening for
HAM Charity and
The Marsden, so there's another
date for your diary!

*Always best to book, and that's
easy. Just give us a call on 01342
891835 or online via our website
at www.belloutwood.co.uk.*

*Or, just pop in and let us know.
We'll do the rest.*

**This is summer. Grab it while you can.
It'll be over by teatime tomorrow...**

Summer's menu is up and running, including popular choices such as red snapper fillet, Thai chicken satay (Great with a bottle of Singha!) and an 8oz chimichurri ribeye steak. Chef Scott and the team continue to produce wonderful new specials such as Lamb bhuna, pork ribs and birria lamb tacos.

On Saturday July 27th we will again be welcoming the theatre company to present 'Shakespeare in the Garden'. They will be performing the Tempest the story of betrayal magic and revenge.

An experienced theatre company, who we have worked with for some years now, so expect as much fun as the previous years and a super evening for all!

We will of course be offering a pre theatre supper for all those who attend.

Having sold out in previous years we recommend purchasing your tickets early to avoid missing all the fun, these can be found on our website under the "what's on" page.

Steve, Nick and Team Bell.

LLOYD HALL

The building offers attractive and modern facilities for many types of function.

Wedding Receptions, Banquets, Private Parties and Dinners can be accommodated, as well as regular bookings by local groups and organisations.

The Main Hall can seat over 100 while the two rooms of the Chilvers Suite are suitable for smaller meetings and clubs.

The Kitchen is well-equipped with commercial-quality fittings and fixtures.

All or part of the accommodation is available for hire at an hourly or daily rate.

COFFEE MORNING

We hold a Coffee Morning at Lloyd Hall every Wednesday from 11.00 to 12 noon

Everybody is very welcome to come along and make some new friends whilst enjoying real coffee and homemade cake

- only £3.50 coffee / £3.00 tea

Price includes cakes, savory bakes and refills.

COFFEE MORNING NEEDS VOLUNTEERS

Could you spare 2 hours roughly every other month? Our regular Wednesday Coffee Mornings need a few more volunteers. Alternatively, if you have a friend that you “just don’t see often enough”, it’s a great way to spend a couple hours catching up while giving back to the community.

We have several regulars who really count on Wednesday Morning Coffee as a chance to get out once a week.

It is a great way to invest in our community and get to know some of your neighbours.

Please contact Michelann Pollard at ukmikie@hotmail.co.uk to find out more.
